

CALL FOR PAPERS

e&i special issue 1.2024 on Microelectronics

Topic: "Microelectronics: Austrochip 2023 and beyond"

The Institute of Electronics at the Graz University of Technology, with the Austrochip 2023 Organizing Committee and the editors of the technical-scientific journal e&i elektrotechnik und informationstechnik (edited by the OVE Austrian Electrotechnical Association, published by Springer Vienna) invite you to submit a paper for e&i's special issue „Microelectronics: Austrochip 2023 and beyond“. This special issue gathers recent activities in the area of microelectronics (IC Designs, IC Technologies, Analog-, Mixed Signal- and Digital design, Design for testability, Robust analog ICs,...).

Important Dates:

- Indication of planned paper submission: June 18, 2023
- Full paper submission: **August 31, 2023**
- Notification of acceptance: 30 September, 2023
- Submission of revised paper: October 31, 2023
- Publication of the e&i Special Issue: January 2024

Indication of the planned submission is advised for the organization purposes. Please send (by 18 June, 2023):

- Title
- Abstract
- List of Authors with their Affiliations

per email to: alicja.michalowska@tugraz.at

Full paper Submission platform:

<https://www.editorialmanager.com/euin>

Austrochip 2023:

The authors are strongly encouraged to present their contributions also at the Austrochip 2023 conference: submit extended paper summary by 18 June 2023 (up to 4 pages) published in IEEE Conference Proceedings (see Austrochip call for papers: <https://austrochip.tugraz.at/>). With this option the deadline for submitting the full paper (6-8 pages) to this e&i Journal special issue is 30 September 2023 the acceptance notification 31 October 2023 and submission of revised paper 30 November 2023.

Open Access:

The Springer Open Access publication agreements apply also for this e&i Journal. Check here for details on OA publishing and see a list of international organizations that have OA agreement with Springer:
